

# WHAT ARE THE HEALTH BENEFITS OF all natural juicing?

## preparing for your cleanse

### COMMON FAQs ANSWERED

#### CAN I EAT WHILE CLEANSING?

For optimal results, try to avoid solid foods, however, if you must, choose organic fruits and veggies (particularly the ones used in our juices).

#### DO I HAVE TO CUT OUT COFFEE?

If this is not feasible, try to stick to 1 cup of black organic coffee maximum (or green tea).

#### HOW LONG DO THE JUICES LAST?

We use a natural process called HPP to preserve our juices giving weeks of shelf life (as long as juices are kept cool). As a result, we can guarantee a minimum of 2 weeks from arrival date to expiry so you have some flexibility when planning your cleanse!

#### HOW WILL THIS CLEANSE AFFECT MY ENERGY LEVELS?

In the first 24 to 48 hours you may notice a dip in energy levels. Ensuring you follow our pre cleanse steps and stay well hydrated throughout the process will help alleviate any symptoms in the early stages.

#### HOW WILL THIS CLEANSE IMPACT MY DIGESTION?

There is no one size fits all response to this question unfortunately. Most see a decrease in regularity as solids are removed and then an increase again once food is introduced.
